A NOTE ON THE PHOTOGRAPHY

The photos in this catalog show reference projects by the credited designers, contractors and homeowners. They are included as renovation inspiration and are not ARK Legacy projects. Source links appear with the photos and on page 12.

Gather here.

Cabinetry, countertops and finishes, planned as one room.

Room to cook. Space to connect.

A better layout changes the way a kitchen feels. Pair practical storage with an inviting island, durable surfaces and a finish palette that flows into the rest of your home.

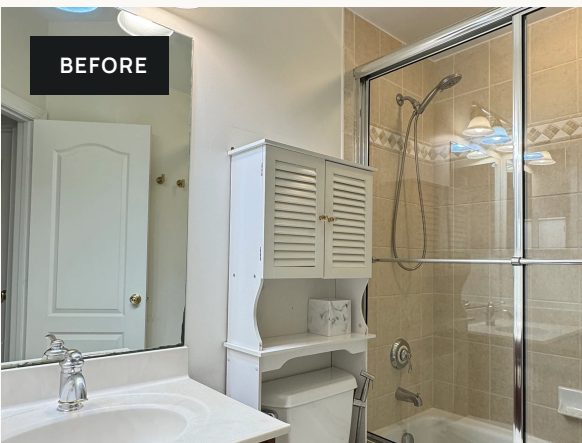

THE SCOPE

Cabinets / Countertops / Backsplash / Flooring / Paint / Trim

REFERENCE PROJECT / Creative Contracting / Not an ARK Legacy project.

Reset your routine.

A fresh start for one of the hardest-working rooms in your home.

Small footprint. Big difference.

Bring the room together with a tailored vanity, thoughtful storage, tile and coordinated fixtures. Waterproofing and preparation support the finishes you see every day.

THE SCOPE

Tile / Showers & Tubs / Vanities / Waterproofing / Fixtures

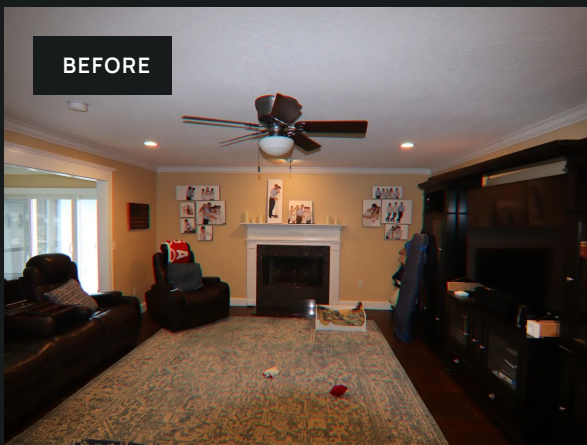

REFERENCE PROJECT / Mayflower Construction / Not an ARK Legacy project.

Better together.

Comfortable rooms, connected finishes and space to settle in.

AFTER

BEFORE

Bring the room back to life.

Fresh flooring, updated trim and purposeful built-ins can change the entire feel of a living room. Carry the same finish language through adjoining spaces for a home that feels complete.

THE SCOPE

Flooring / Interior Paint / Trim & Millwork / Drywall / Windows

REFERENCE PROJECT / KBF Design Gallery / Not an ARK Legacy project.

A place for everything.

Storage that makes the space you have work harder.

**BEFORE****AFTER**

Built around your everyday.

Shelving, drawers and hanging space,
fitted to the way you use your home.

THE SCOPE

Closet Systems / Shelving / Drawers / Built-ins / Trim

REFERENCE PROJECT / Angela Marie Made / Not an ARK Legacy project.

Take life outside.

Covered spaces that feel like a natural extension of home.

AFTER

BEFORE

Another room. A different view.

Create a place to gather beyond the back door. Coordinate framing, exterior finishes and the details that connect a porch or patio to the home around it.

THE SCOPE

Covered Patios / Framing / Siding / Exterior Trim / Paint

REFERENCE PROJECT / Sun Design / Not an ARK Legacy project.

A stronger first look.

Make the outside of your home feel as considered as the inside.

AFTER

BEFORE

Curb appeal, built in.

Siding, windows, trim and paint work best when considered together. Refresh the materials and proportions that give your home its character, then carry the details all the way through.

THE SCOPE

Siding / Windows / Exterior Trim / Paint / House Wrap

REFERENCE PROJECT / Sun Design / Not an ARK Legacy project.

The details make the difference.

Choose the materials together. Let the whole home speak the same language.

Make it feel like you.

Start with the surfaces you use most. Build a palette of cabinetry, counters, tile, flooring and trim that feels right from room to room.

Bring your ideas, favorite finishes and project priorities to the walkthrough. We will help define the scope around them.

REFERENCE PROJECT / Mayflower / Creative Contracting / Not an ARK Legacy project.

One room. Or every room.

Full contracting services and full home renovations, coordinated through one company.

01 INTERIOR FOUNDATIONS

Framing / Drywall / Repairs

Build the structure and surfaces that support the finished room.

02 KITCHENS & BATHROOMS

Cabinets / Countertops / Tile

Coordinate the materials, installation and finishing details.

03 FLOORS & FINISHES

Hardwood / LVP / Paint / Trim

Carry a consistent look through the rooms you use every day.

04 STORAGE & BUILT-INS

Closets / Shelving / Millwork

Make practical use of the space already inside your home.

05 EXTERIORS & OUTDOORS

Siding / Windows / Porches

Refresh the first impression and extend your living space.

06 BASEMENTS & WHOLE HOME

Finished Lower Levels / Remodels

Bring a larger renovation together under one coordinated scope.

ONE SCOPE. COORDINATED TRADES. A CLEAR POINT OF CONTACT.

From first walk to final clean.

A clear plan for the work. A clear point of contact for you.

01

Walk the home.

We listen to your ideas, review the rooms in scope and measure the space. The estimate starts with your actual home and your priorities.

02

Set the plan.

Confirm the layout, materials and finishes in a written scope. Discuss changes and their pricing before moving forward.

03

Coordinate the build.

ARK Legacy schedules the trades and keeps the work moving through framing, drywall, tile, flooring, paint and trim.

04

Review the finish.

Walk the work together, identify remaining items and complete the final details. Finish with a clean home and a clear handoff.
